

Main Content

Filter Data By

- Effects the what data is present in the current view
- Default view: all records for current academic year
- Filters - All selected from drop down:
 - Department
 - Assessment Status
 - Complete
 - In-Progress
 - Not started
 - Academic Year
 - Selector(s) representing all years we have data for

Progress Indicator Graphs

- Quick reference for assessment completions

Export Names

- When clicked, would allow for the names of the faculty members, departments, and email / contact to be exported into a csv or spreadsheet or report (report tbd)
 - Benefit: Committee heads expressed a desire to be able to quickly get the names of everyone who hasn't yet submitted a TIP response.
 - This would allow them to get the names of faculty members to send notifications to department heads, or faculties themselves.

Quick Links / Links to view raw data for any “complete” assessments in current view / not here at all?

- Quick links would be the squares with a icon, animated when hover / clicked
 - Benefit = featured navigation
- Data grid would show name, department, and have a link to view TIP submission
